BOSTON BRAVES WIN FIRST GAME

'BIG CHIEF' BENDER IS BATTED OUT OF BOX BY STALLINGS' WARRIORS

Clubs	R.	H.	E.
Boston	7	11	2
Philadelphia	1	5	0

SHIBE PARK, Philadelphia, Oct. 9.—The Boston National League pennant winners easily ran away with the Philadelphia Athletics today, defeating them by a score of 7 to 1.

The Boston team drove Bender, the Athletics' star right-hander, from the mound by terrific hitting which the Braves pieced together when hits meant runs. Gowdy was the hitting star of the Boston, getting three safe blows in three times at bat. One of Gowdy's hits was a double and another a triple, his third hit being a single.

Rudolph pitched a game of first water for his club. He held the Athletics at times spellbound by slow balls, which came up to the plate as big as a toy balloon. The Athletics' heaviest hitters could do nothing with his delivery.

The Boston rooters paraded out of the grounds after the game. The official figures for attendance and gate receipts and their division for the National Commission, players and clubs, is as follows: Attendance, 20,562. Receipts, \$79,830.

National Commission, \$1,963.90. Players, \$28,805. Clubs, \$17,970.10. Each club's share, \$8,935.05.

THOUSANDS TURNED AWAY.

The heart burnings of thousands who were disappointed in not securing the coveted tickets were forgotten in the excitement preceding the details of actual play. Many of the disappointed ones joined the throng at the grounds hoping to buy the tickets at the last moment at reasonable prices. Some secured standing room admissions in the grand stand, some were in the bleachers, some were on neighboring house-tops and many thousands contented themselves with watching the play on electric score boards in other parts of the city.

There was little betting, which was accounted for by the long odds asked for those willing to take the Boston end. What few wagers that were laid were placed with the Athletics favorites at 2 to 1 and 3 to 5.

The largest bet heard of so far was one of \$500 placed at the larger odds. That the Boston Club was dissatisfied with its share of the seats for the Philadelphia games was denied.

Figures given out by the Athletics' management showed that the Boston Club was given 200 seats for the royal rooters, 200 for other friends of the club and also forty-five box seats. The Boston Club has reserved 800 reserved seats and eight box seats for the Philadelphia Club for the games in Boston.

There will be more than 150 detectives in plain clothes on duty, while Superintendent of Police Robinson personally took charge of 500 uniformed policemen. Many speculators have been arrested.

The National Commission held a meeting this morning and gave final instructions to the umpires and officials.

BRAVES SHOW WELL.

John, Coombs and Ira Thomas served the Athletics batters through the early practice. "Home Run" Baker tried out the range of the right field wall, one of his blows almost clearing the enclosure. The Boston batters hit wickedly in practice. Tom Hutches served up the balls and the "Royal Rooters" from Boston sent up a loud shout when Gowdy drove the ball into the stands. The Boston Braves were first on the diamond for field practice. Their work was close and steady. The Athletics followed.

GREAT CROWD TO HEAR REPUBLICAN LEADERS

Interest is increasing throughout the county in the great meeting of tomorrow night when, at the Macdonough Theater, Captain John D. Fredericks and Hon. Joseph R. Knowland, leaders of the Republican ticket, will address the voters of Alameda county. The great meeting, which will tax the theater to the utmost, will be presided over by Victor H. Metcalf, secretary of the navy under Roosevelt, and presiding with him will be the mayors of three east-bay cities, Mayor Frank K. Mott of Oakland, Mayor Charles D. BATTLE ON AISNE IN DOUBT

Allies Send Wearing Apparel for Winter Campaign

Paris Reports Express Confidence of Triple Entente

PARIS, Oct. 9, 5:50 a. m.—Most of the letters from soldiers at the front speak of the great battle that is "expected for the morning" and will "decide the struggle along the Aisne and in the north." This shows that they, as well as the military critics, are baffled by the immense operations, of which the big battles here and there constitute mere details.

Heavy fighting occurs every day along some part of the battle line, the importance of which cannot be gathered from the sober details of the official statements, and so it is impossible to assemble all of the simultaneous movements bearing on the general situation.

As a consequence the reviews of the situation by critics this morning resemble what they said yesterday and the day before.

All are agreed, however, that developments are favorable to the allies, and all emphasize the advantage gained from splendid health and spirit shown by the army, which the War Department is doing everything possible to maintain.

It has forwarded 1,000,000 suits of underclothing, which supplemented private contributions of clothing. The department is also sending sweaters, jerseys and flannel belts for the use of the soldiers in the winter campaign.

ALLIES SHOW CONFIDENCE.

While points of the greatest interest recently have been at the point of the elbow of the battle line in the region of Roye and on the extreme left, attention is called to the importance of the Germans' retreating movement on the right bank of the Meuse beyond Hattonchastel, which endangers their last position in the region of St. Mihiel.

It is not considered possible that the Germans can remain in this region and their retirement may entail a general retreat of the army operating between the Meuse and the frontier.

The suggestion is made in Paris this morning that the Germans are holding out with the idea of taking Antwerp first and then retiring to a line of defense prepared in Belgium, as it is not possible for them to find

ATTACKS ZEPPELINS

Allies Make Another Aerial Raid Upon Dusseldorf and the Cologne Hangars.

LONDON, Oct. 9, 10:55 a. m.—According to a Central News dispatch from Amsterdam another aerial raid has been made by the allies on Cologne and Dusseldorf, both important German Zeppelin airship bases. The telegram follows:

A dispatch from Cologne states that hostile aeroplanes threw bombs at the Zeppelin hangars at Cologne and Dusseldorf on Thursday afternoon. The former was unharmed, but damage was inflicted at Dusseldorf.

The previous aerial raids on Cologne and Dusseldorf were made by British naval aviators from Belgium September 23. The attack on Dusseldorf was officially reported as successful.

Lieutenant C. H. Collet dropped three bombs there on the Zeppelin shed, sweeping down to within 500 feet of his target. The attack on Cologne at that time like the one reported in the foregoing dispatch, apparently failed.

BOMBS SPREAD FLAMES.

LONDON, Oct. 9, 6:05 a. m.—The bombardment of Antwerp has been terrible, describes an Ostend dispatch to the Reuter Telegram Company under date of Thursday.

"The Germans threw out incendiary bombs," the dispatch adds, "with the result that many parts of town between the railway station at the south and the Palace of Justice are in flames. It is rumored here that the Germans have been repulsed on the left bank of the river Nethe."

"A Taube aeroplane flew over Ostend at 4 o'clock this afternoon."

SUBURBS SET AFIRE.

LONDON, Oct. 9, 10:15 a. m.—Borgerhout, a suburb of Antwerp, is burning, according to a dispatch from Amsterdam to Reuter's Telegram Company.

A dispatch to the Chronicle from Rosendaal, Holland, dated Thursday evening, says: "Severe fighting is proceeding outside of Antwerp. I am informed that shrapnel struck the Erasmus Hospital in Fontaine street, breaking many windows. In Turnhout and its vicinity many houses have been destroyed."

"It is reported here that the Germans have been compelled to retreat for a short distance."

"A number of Ursuline Nuns have arrived Breda, Holland, from Londerzeel, near Malines, where their convent was destroyed by German fire, although they were nursing there, it was said, hundreds of wounded. The wounded were courageously rescued by Belgian soldiers who dashed through the flames to get them out."

LABOR MEN PASS ON AMENDMENTS

Minimum Wage Plan is Opposed; Other Measures Considered.

STOCKTON, Cal., Oct. 2.—Following an afternoon of debate the California State Federation of Labor last evening went on record as opposed to the minimum wage for women and minors amendment. The right against the minimum wage amendment had its origin in San Francisco Local No. 121 of the United Garment Workers' Union. Later the San Francisco Labor Council went on record against it, and last night the State Federation was won over by the opposition. Opposition leaders claimed that the minimum wage would tend to weaken organized labor, in that it would establish a fixed wage for all workers. It was also urged that the terms of the amendment are so sweeping that it confers upon a welfare commission more authority than union labor thinks it safe to trust with any power other than one within its own ranks.

The report of the legislative committee submitted this evening as to the stand for organized labor to take on proposed initiatives, referendums and amendments which were approved by the federation was as follows:

No. 2—Prohibition: vote no.
No. 3—Eight-hour law: vote yes.
No. 5—Investment companies act: vote yes.
No. 6—Water commission act: vote yes.
No. 7—Local taxation exemption: vote yes.

ARRESTED FOR ALLEGED THEFT OF RARE VIOLA

The alleged theft of a viola, valued at \$500, was brought to the attention of the police yesterday by Alexander Stewart, president of the Alameda County Music Teachers' Association, and at Stewart's request, Lawrence Hill, a San Francisco teacher, was arrested at 1414 Webster street, in this city, on a charge of grand larceny. The arrest was made by Captain Lou F. Agnew and Inspector B. A. Wallman and Hill was today turned over to Detective Murphy of San Francisco as the theft is alleged to have been committed across the bay.

Stewart declares that Hill attempted to sell the viola to him and left the instrument with him. Hill returned last evening and was arrested, as Stewart had learned that the instrument belonged to C. G. Schmidt of San Francisco, and had been stolen from the Galtz theater.

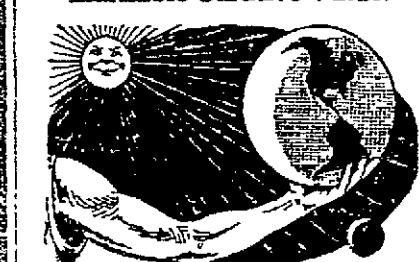

The viola is a rare old instrument, having been manufactured in Paris by J. B. Vuillaume, a noted instrument maker.

BURGARS WERE BOYS.
SAN FRANCISCO, Oct. 2.—Two boy burglars with an ex created considerable damage in the home of Robert Zinker, 1130 Taylor street, this morning after they had been locked out of the house. The boys entered one room, taking valuables to the amount of \$51. Mrs. Zinker caught sight of the youngsters trying to enter and after she fled found that they had already climbed through a window into one apartment and had tried to make their way through a locked door by cutting it down with an ax. They were unsuccessful and were trying to get in another way when they were taken into custody and are described as being about 13 years old.

IMPROVERS IN SESSION.
The Peralta Heights Improvement Club held a regular meeting Monday afternoon at 4 o'clock in the Park Boulevard and Newton avenue. F. A. Glider of Berkeley spoke on "Home Rule Taxation." Mrs. Robert Maggee and Miss Christine Hermanson rendered several soprano solos. Light refreshments were served by the club, of which Mrs. E. C. Bridgman is chairman. Mrs. E. C. Bridgman was assisted by Mrs. A. Backer, Mrs. W. Moir, Miss Hazel Clark and Miss Florence Bridgman.

Blood Remedy Sustains World

Myriads Have Learned of Its Remarkable Curative Value.

From the very fact that S. S. S., the famous blood purifier, is a natural medicine, it is opposed by those who can give up mercury and other dangerous drugs. Habit is a strange master. Afflicted people use mercury with a blind force of habit. Not warned by the results they see all the time, they are mindful of the locomotor ataxia, paralysis and other dreaded results of mineral poisoning, they cling to the fast disappearing treatment so surely and positively being replaced by S. S. S. Wherever the light strikes in S. S. S. is fast becoming the world's panacea for all blood troubles because it is welcome to a weak stomach, is taken naturally into the blood, is a ware of purifying influence known by its remarkable curative results, and is the standby of a host of people.

It goes into the blood and remains a strong medicinal influence to the end and this without any other effect than that of a purely cleansing property.

It is the most universally recommended blood remedy known, and has assisted its reputation for half a century. Its ingredients are Nature's genuine antidotes for germs that create our worst ailments. CHURCH TO HOLD GOLDEN JUBILEE

Impressive Services to Mark Fiftieth Birthday of St. Leander's Edifice.

SAN LEANDRO, Oct. 2.—The golden jubilee of St. Leander's church will be celebrated with impressive services Sunday, October 18. Bishop Edward J. Hanna will conduct the services, assisted by Rev. Father Francis Garvey, pastor of St. Leander's, and other of the clergy from the bay cities. The celebrations will be preceded by special services by Dominican fathers from San Francisco, which will commence this Sunday and continue each day of next week. There will be services in the morning, afternoon and evening.

The celebration of the fiftieth anniversary of the church will include a special service of music by the choir. The whole parish is preparing to join in honoring its golden jubilee.

St. Leander's church has an interesting history and one of steady upgrowth since it was established in 1864. Rev. Father John Griffin, one of the leading clergy of the bay cities at that time, was the first resident pastor of the church. There have been three St. Leander churches, all built on the same site. The present handsome edifice, which is one of the finest specimens of architecture in the town, was erected a number of years ago.

Rev. Father Francis Garvey, who is in charge of the parish, has pastored one of the most energetic of its pastors. He has taken a lead in all branches of church work and personally superintended much important work connected with the parish, including the securing and laying out of the new Catholic cemetery in Hayward and more recently, the remodeling of St. Joseph's hall in this city.

SPEEDY AUTOISTS GET HEAVY FINES

CENTREVILLE, Oct. 8.—Four automobilists, charged with speeding, made an unpleasant discovery in the justice's court of Judge John G. Mattos yesterday. The judge has raised the fine to \$25 for all convicted speeders coming into his court, and imposes \$50 fines for second offenses.

The following were fined \$25 apiece yesterday after conviction of speeding on local county roads: A. C. Franklin, San Francisco; C. V. Belden, San Francisco; C. E. Kline, Oakland; M. E. Fontaine, San Francisco.

PASSENGER AGENTS TO BE OAKLAND GUESTS

Two hundreds members of the American Association of Traveling Passenger Agents will hold their forty-second annual convention in San Francisco, October 12 to 15, and will be guests of the city of Oakland next Thursday, October 15.

The party, including their families, left Chicago last night as guests of the Northwestern line, by which they are employed.

While in San Francisco they will study the Exposition grounds and buildings, so as to be able to advise their clients in the Middle West and East. When in Oakland they will attend luncheon as guests of the Chamber of Commerce and make a sight-seeing tour of the city.

The trip is arranged by C. A. Cairns, general passenger agent of the company, and R. V. Holder, general agent in San Francisco.

REPORT HUNTER'S PARADISE.

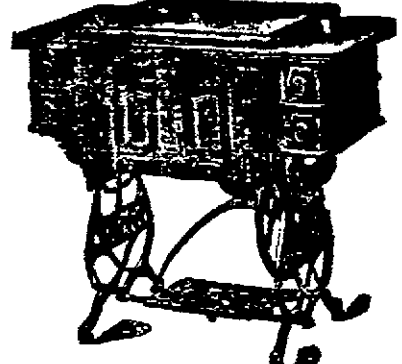

Klamath Falls is to prove a veritable hunter's paradise this year, according to reports received by the hunters and fishermen's bureau at the thirteenth and Broadway offices of the Southern Pacific this morning. According to reports from the agents of the road quail and geese are plentiful, and owing to rain, no hunting has been done there yet. The rain has brought out the ducks and geese in great numbers, according to wired reports, and the hills abound in quail, which, owing to the little shooting so far, are not yet timid. The bureau has also received messages of good hunting from several other points in the State.

SEAMEN FEAR CAPTURE.

SAN FRANCISCO, Oct. 8.—The officials of the steamer Sacramento, formerly the German ship Alexandria, which has registered under the American flag, are having great difficulty in finding a crew. They were busy today endeavoring to book sufficient seamen to handle the big merchantman on her voyage, but fear of possible capture at the hands of the allies seems to have influenced sailors. The three engineers of the Alexandria are taking their examinations for authorization under the American shipping laws. In the event that they are successful they will remain with the boat.

KILLS WOMAN; WOUNDS MAN.

LITTLE ROCK, Ark., Oct. 8.—William Barlow, formerly a widely known minstrel, probably was fatally wounded and his wife was killed late last night by an unidentified negro who forced his way into the Barlow home at Argenta, a suburb of Little Rock. A posse has started in pursuit of the negro.

PETALUMA SHIPPERS OF CHICKENS WIN PROTEST

SAN FRANCISCO, Oct. 8.—A source of great irritation to Petaluma shippers and Oakland consumers has been removed by the Railroad Commission, which informally adjusted a complaint recently made against the Wells Fargo Express Company. The result of the commission's action was made known today. Complaint came from H. A. George of Petaluma, who declared that the corn consumed in shipping live chickens from Petaluma to Oakland was out of all proportion to the distance. The commission took the matter up with the express company and relief was promised. It is stated that arrangements have been made for a speedy service between the poultry center and the cities of Alameda county.

Appetite Follows Good Digestion

Nearly everyone indulges their appetite and the digestive organs are abused, resulting in a congestion of poisonous waste that clogs the bowels and causes much misery and distress.

The most effective remedy to correct this condition is the combination of simple laxative herbs with pepsin known as Dr. Caldwell's Syrup Pepsin. This is a natural, pleasant-tasting remedy, gentle yet positive in action, and quickly relieves indigestion, constipation, acid headache, belching, etc. Drug stores sell Dr. Caldwell's Syrup Pepsin at fifty cents and one dollar a bottle, and in thousands of homes it is the indispensable family remedy. For a free trial bottle write Dr. W. B. Caldwell, 451 Washington St., Monticello, Ill.

ENGLISH TRADE GAINS

WASHINGTON, Oct. 9.—All branches of trade in England during September showed gains over the figures for August, according to a statement given out today by the British Embassy. It is stated that, according to board of trade reports, the increase extended to all the principal classes of articles, which, it is claimed, proves that the trade of the nation has made excellent recovery from the first shock of war. The gain in imports is said to have been nearly three million pounds sterling, in home exports, 2,500,000 pounds, an increase in foreign and colonial exports 75,000 pounds. Exported naval and military stores are not included in this figure.

Nervous Periodical Headaches

Succumb to Anti-Kamnia Tablets

This trouble commonly called "sick headache" is said to be due to the retention of waste in the system. Often it is stated that a poor condition of the blood is the cause of these headaches, or that it is a nervous condition; and in certain cases, no doubt, this is true.

Where treatment is demanded, it is more for the pain than anything else, and Dr. A. F. Schellachmidt of Louisville, has found Anti-Kamnia Tablets to be a most satisfactory relief. "Kamnia" should be "instilled upon" he says, and the patient should go to bed, darker the room, and all the attendants and family should be as quiet as possible. An emetic will sometimes shorten the attack. The bowels should be kept open with "Aconite," a hot bath and a thorough rub-down with a coarse towel, often give gratifying relief. Two Anti-Kamnia Tablets when the first signs appear, will usually prevent the attack. During an attack, one or two tablets should be taken, one every hour or two, and will shorten the attack and relieve the usual nausea and vomiting. These tablets may be obtained at all drug stores. Anti-Kamnia Tablets are also unexcelled for nervous headaches, neuritis and all pains.

LOS ANGELES MEN DUE IN MORNING

Chamber of Commerce Arranges Reception for Exposition Boosters.

The Chamber of Commerce is out on a still hunt for automobiles. Tomorrow will see the visit of 150 Los Angeles business men, members of the great pre-Exposition trip from the south. They will be guests of Oakland, and a call for automobiles to take them through the city has been issued. Any businessman able to spare his machine for the morning has been urged by the chamber committee to aid in the work.

The Los Angeles boosters, with a special band and a special train, will arrive in Oakland in the morning, spending the forenoon here before leaving for the Panama-Pacific Exposition, headed by Lewis M. Cole, president of the Los Angeles Chamber of Commerce, and Frank Wiggin, secretary. They will be met by delegations of the local chamber and escorted to the Oakland headquarters, where an informal reception will be held. Following this they will be taken to the city hall, over the lake boulevards and through the different portions of the city. After visiting the Hotel Oakland and meeting the local chamber officers they will depart on a special ferryboat for the exposition site.

RECEPTION AND CONCERT

At the Hotel Oakland the Los Angeles delegates will hold a fifteen-minute reception, and local boosters will escort them to the foot of Broadway, where they will embark on their boat. Their own party will give a concert in the hotel lobby.

At the city hall the visitors will be greeted by Mayor Frank K. Mott, who will welcome them to the city. They will view the city from the top of the hall.

The big excursion of the Angelinos is one of the most important boosters' trips from the south in years. The businessmen have widely heralded their visit to the Exposition, and the pilgrimage will, it is declared, cement the growing friendship between the north and south of the state.

The boosters will arrive in Oakland at the Sixteenth street station at 8 o'clock tomorrow morning. The caravan of automobiles will be there to meet them, and on alighting from the train they will at once be brought downtown. The city hall will be the

ARE ARDENT SUPPORTERS OF GRANT D. MILLER

Mrs. Henry Wetherbee, the pioneer of the Fruitvale district and the prominent clubwoman, with Mrs. Joaquin Miller, widow of the poet of the Sierras, are among the most earnest supporters of Grant D. Miller in his candidacy for the office of Coroner of Alameda county.

In speaking of a rumor which had gained wide circulation throughout Oakland that the Joaquin Miller Club at a luncheon on Friday last in the garden of Mrs. Wetherbee's estate had endorsed Miller's opponent for the office, Mrs. Wetherbee said:

"The Joaquin Miller Club met at my home on Friday last, but I am astonished that it should be said that the members endorsed any candidate at that time. No such action was taken. Many of us are the personal friends of Mr. Miller and are devoting ourselves to his campaign. Certainly those of us who were advising his election would not permit such an action. The women to whom I spoke were supporting Mr. Miller."

Grant D. Miller was the first man to employ a woman in his undertaking parlors, inaugurating this custom with the establishment of his business nearly twenty years ago. His statement that if elected he will appoint a woman assistant in the morgue is but the carrying out of his private practice and a pledge made for political purposes or in campaign talk.

The Y. W. C. has announced a series of short mid-term courses in the following subjects, scheduled for those who were unable to begin the work in the fall: Arts and crafts, dress-making, cooking, household management, dietetics, music, mandolin and guitar, ukulele, glee club, vocal and piano. Those who have no opportunity to attend church or Bible classes in the morning are especially welcome.

CALGARY, Alberta, Oct. 9.—First Vice-President J. B. Case of Abilene, Kan., was elected head of the International Irrigation Congress yesterday, when a multitude of resolutions were discussed and cleared out of the way. The other officers elected were: Arthur Hooker, secretary, Spokane, Wash.; J. S. Dorn, first vice-president, Calgary; Richard Burgess, second vice-president, El Paso, Texas; J. F. Hinkle, third vice-president, Permon, Calif.; Kert Grunwald, fourth vice-president, Denver, Colo.; George A. Smith, fifth vice-president, Salt Lake City, Utah.

Mr. Case succeeded Major R. W. Young as president.

The next convention town has not been decided on.

ROAD INCOME SHRINKS.

NEW YORK, Oct. 9.—The net income of the New York, New Haven & Hartford railroad during the first year of the chairmanship of Howard Carter was about \$8,553,000 under that of the previous year, a shrinkage is attributed to several causes, including the reduction in express rates ordered by the Interstate Commerce Commission, and business conditions generally. The report also shows that the road has been compelled to pay more than \$1,190,000 in damage settlements arising out of the wrecks which occurred prior to Mr. Elliott assuming office.

HORSE KILLED IN FIRE.

A horse was suffocated and damaged to the extent of nearly \$1000 was caused in a fire of unknown origin, which broke out late yesterday in a stable owned by D. H. Cronin at 833 Thirty-first street and rented by Samuel Barante, a fruit dealer. The building, being close to several homes, caused the firemen great difficulty in preventing the spread of the blaze, which gutted the stable and bay loft. The place carried \$500 insurance.

CIVIL SERVICE VIOLATIONS EXPOSED BY FREDERICKS

State Employees Are Compelled to Pay for Job by Contributing Campaign Fund

Captain John D. Fredericks, Republican nominee for Governor, yesterday for a conference with leaders of the party, this morning he left for Antioch and today is making a tour of some of the towns of Contra Costa county.

Captain Fredericks made a statement yesterday which discloses a plan on the part of the Johnson managers to assess the State civil service employees for a campaign fund for the Progressives.

"My stay in the capital was somewhat longer than I had expected," said Captain Fredericks, "but while there I was given some exceedingly startling information. I was informed that civil service employees of the State were being assessed one-half a month's salary; that four stenog-

RASH ON FACE SPREAD RAPIDLY

Ran Up to Ear. Blotch of Pimples, Itched and Swelled. Used Cuti- cure Soap and Ointment. In Two Months Trouble Gone.

Grant, Wis.—"My sister had a very bad, deep, running sore on the side of her face and it ran up to her ear. It commenced with a small blotch of pimples which turned into a kind of rash and spread rapidly. It itched and looked red and sore for some time and slightly swelled. A thin fluid dripped and ran from the sore which looked like water. Then the swelling would go down and it would keep spreading. It bothered her during sleep and she would be restless. It was a kind of eczema. She treated for some time and it did not help her. It kept spreading larger and deeper. Having always used Cuticura Soap and Ointment and used them. She washed the sore every day with the Cuticura Soap and applied the Cuticura Ointment three times a day. It was two months when it was entirely gone." (Signed) Miss Emma Retzler, Apr. 7, 1914.

Although the Cuticura Soap and Ointment are most successful in the treatment of affections of the skin, scalp, hair and hands, they are also most valuable for everyday use in the toilet, bath and nursery because they promote and maintain the health of the skin and hair from infancy to age. Cuticura Soap (25c) and Cuticura Ointment (50c) are sold everywhere. Sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

Alameda Republicans are busily engaged in making arrangements for a big rally for John D. Fredericks, the evening of Friday, October 22. The meeting will be held in the Haight street auditorium and it is proposed to pack the place to overflowing with enthusiastic supporters of the nominee. Further arrangements will be announced later on.

At a meeting of the John D. Fredericks Commercial Travelers' Club in San Francisco it was announced that 200 members have been enrolled since the organization and that new members are being added at the rate of fifty a day. According to Louis H. Pele, secretary, there are about 500 commercial travelers in California and it is expected that most of them will be working for Captain Fredericks.

The club adopted the following resolutions: "Whereas, the prosperity of California demands a rest from legislative interference with the free flow of capital into the state and the development of business enterprise; and

"Whereas, business conditions call for a halt in the creation of the burdens which have been increased at an extraordinary rate under the Johnson administration; and

"Whereas, it would be for the best interests of the people and all of the industries of the state of California to be relieved from the conditions which have hampered prosperity and progress during the past four years; be it

Resolved, that we, the commercial travelers, representing every industry in the state and having the welfare and prosperity of all the people at heart, endorse and support the nomination of John D. Fredericks for governor of California."

PRESIDENT TO AID IN CONGRESSIONAL CAMPAIGN

WASHINGTON, Oct. 9.—Plans for an aggressive Congressional campaign this fall were gone over last night at a conference between President Wilson, Postmaster-General Burleson, Chairman Doremus of the Democratic Congressional Committee, Secretary Tumulty and Thomas J. Pence of the publicity bureau of the National Democratic Committee.

Particular attention it was decided will be paid to the fights in New York, Iowa, Pennsylvania, Indiana, Kansas, New Jersey, Colorado, South Dakota, Wyoming and Tennessee. The President was told by his advisers that the Democratic speakers would lay particular stress on his own accomplishments.

Anticipating an attack on the war revenue bill, Democratic leaders are gathering material for the defense of the measure. The President's declaration in his special message to Congress that the tax was necessary to maintain the financial stability of the Government will be the main argument of Democratic campaign speakers.

OAKLAND MOOSE WILL ENTERTAIN J. J. DAVIS

James J. Davis, director general of the Loyal Order of Moose and the head of this fraternity, will pay a fraternal visit to the eastbay lodges next Tuesday evening, and a big reception is being planned in his honor at the Oakland Moose club-rooms. This is the first time that Davis has met all the lodges and members of Oakland, Alameda, Fruitvale and Berkeley lodges are asked to attend. Davis has done much to build up this order into one of the first in the country. He has been visiting in the southern part of the State and from Oakland will leave for the northwest.

Plans are being completed for the visit of the Oakland lodge band, drill team and drum corps to the county infirmary Sunday afternoon, October 18, and an interesting program for the unfortunates will be given. Another visit will be made by the lodges on Christmas day.

SICK HEADACHE. Sick headache is nearly always caused by disorders of the stomach. Correct them and the periodic attacks of sick headache will disappear. Mrs. John Bishop of Roseville, Ohio, writes: "About a year ago I was troubled with indigestion and had sick headache that lasted for two or three days at a time. I doctored and tried a number of remedies, but nothing helped me until during one of those sick spells a friend advised me to take Chamberlain's Tablets. This medicine relieved me in a short time." THE WORLD'S SERIES

Good music has been provided for every day, the surroundings are pleasant, the displays are such as to bring home the importance of the community, and the entire affair is worthy of patronage.

—BY THE OAKLAND TRIBUNE CARTOONIST.

The frost having nestled on the pumpkins, the leaves of the maples having turned to gold and those of the oaks to crimson, the pilot of the Springfield (Mo.) Republican, with the fragrance of the paw paw in his nostrils and the pucker of the persimmon in his face, declares there is no place like the Ozark region in which to live. But some day he will visit California and the vision will fade as he partakes of cooling drinks in mid-winter and thinks of how the folks back home are priming the pump with hot water and breaking the ice in the horse trough in order that the stock may drink.

England and Germany issued "white books" giving causes for the war and now Belgium has issued a "gray book." But when it is all over the warring nations will issue "black books."

Presidential aspirations and the disposition of considerable amounts of money which had not yet been received, were the cause of a pretty little four-man and a half team going on at the Berkeley University. For some time past the question of sending an athlete team to compete in the Intercollegiate games in the East has been discussed, and the most important consideration, of course, was the matter of expenses, estimated at from \$2000 to \$3000. Some of the athletes have been asked to represent the Associated Students to make up the deficiency from the proceeds of the University of California-Stanford football game. Meanwhile the class of '16 was arranging to issue the "Elbe" and "Humboldt" got together and the fellows of several hundred dollars, and began to lay plans to secure a share of the fund coveted by the athletes. The two factions got wind of each other's plans, and the juniors were threatened with a strike and the promised one-third of the football proceeds.

Paul Goldsmith, who was the Oakland correspondent for the Examiner for a number of years, left for New York last week, and the new sleazebags took over. The new sleazebags are all larger than anything we have ever seen before, and more nearly approach the great legions of our great grand-moth-ers at the time of the Civil War. They are of special prominence by being stuffed out by pillows of down, though the double balloon puff is seen in the majority are gigot shaped and the top is shirred in a cluster of shirrings. The shirrings are of the same material as the shoulder half way to the

EXHUME WOMAN TO SOLVE MYSTERY

Los Angeles Authorities Gather
Evidence in Strange
Case.

LOS ANGELES, Oct. 9. — Declaring sufficient evidence is at hand to justify the suspicion of relatives that the death of Mrs. Carrie Klapp Langdon was not the result of natural causes, Deputy District Attorney Blair yesterday ordered the body of Mrs. Langdon exhumed and a chemical examination made of the vital organs.

The decision was reached at a conference in the office of Coroner Hartwell, which was attended by W. E. Langdon, husband of the dead woman, and Dr. Herbert E. Coulter, the attending physician, who issued a certificate attributing the woman's death to gastritis with an overdose of bromo seltzer as a probable contributing cause.

Immediately after the conference Prosecutor Blair left his office on a secret mission, said to have been connected with the Langdon tragedy. He remained away from his home all day.

The post-mortem will be conducted by County Autopsy Surgeon Wagner, and two noted chemists will be engaged to make an analysis of the contents of the stomach.

The investigation will be conducted entirely by "Detective Blair," declared Coroner Hartwell.

"Mrs. Langdon was buried last Friday—the day following her death," Blair noted in the telegram from Michael Klapp of Cincinnati in time to stop the funeral. Had I done so it would have been a coroner's case. I have been somewhat misquoted about this case. I have believed for some time that Mrs. Langdon died of poisoning, but I do not believe any poisoning was committed. I believe she died from the effects of an overdose of bromo seltzer. I believe, however, that because of many of the circumstances connected with the case, a post-mortem should be held and thorough investigation made."

Attorney Howard E. Beach has been engaged to represent Langdon during the investigation.

Mrs. Langdon, who lived near Ramona Station, died last Thursday during convulsions after she had taken bromo seltzer for a headache.

The woman is said to have been subject to gastritis. Her brother, Michael Klapp of Cincinnati, a wealthy wagon manufacturer, sent telegrams to Chief of Police Sebastian and to Coroner Hartwell demanding that the funeral be stopped and a post-mortem examination made. A second telegram the following day set forth at length the suspicious circumstances surrounding the death of the woman. The first telegrams were delivered too late to halt the funeral, Mrs. Langdon having been buried in Calvary Cemetery Friday morning.

Langdon is a well-to-do real estate operator, whose office is in the W. P. Story building.

During the day the residue of the bottle of bromo seltzer was taken to the District Attorney's office. For five days the bottle had remained in the Langdon home. Despite this lapse of time the remedy will be tested for trace of possible poisonous ingredients. Prosecutor Blair said that it would take several days before the result of the chemical analysis of the woman's body could be announced.

WOMAN CLINGS TO BOAT FOR HOURS

Trapped by Tide, Passes Night in Fog Upon Ocean; Is Saved

L A. MALONEY, Oct. 8.—Mrs. Maloney, 40, of Point Pinos, was the heroine of a strange and exciting experience. She was trapped by the tide and passed the night in fog upon the ocean. She was saved by a passing ship.

Mrs. Maloney went to Point Pinos Friday afternoon to dig shells. She made her way out to a big rock in the ocean. So intent was she in digging that she did not see the tide creep around the rock and separate it from the shore.

It was too late then for her to attempt to reach the mainland. Mrs. Maloney began to feel the water rising. She was in a desperate position. She called for help, but at this deserted spot there was no one to hear her. Hours passed and dusk began to settle over the ocean. The tide kept rising higher and higher. Besides the rain, a fog rolled in, shutting out sight of shore.

To attempt to swim ashore, she says, would have resulted in her being swept out to sea. When night came the terrified woman clung to the rock while the spray swept over her head. Once or twice Mrs. Maloney thought she had been swept from off the rock and she expected the tide would rise and engulf her.

All through the night Mrs. Maloney kept up her cries for help and only the fear of death kept her from fainting or giving up. It was at nine that the tide was highest and she was somewhat relieved when daylight came and the tide began to recede. About 10 o'clock Saturday morning some Japanese fishermen sighted the woman waving a handkerchief.

Chief as they attempted to rescue her, but were unsuccessful. Mrs. Maloney, who was in a desperate position, was saved by a passing ship.

WOMAN TELLS OF HORRORS OF WAR
SAN FRANCISCO, Oct. 8.—Mrs. C. S. Pierce of Burlingame, whose husband is manager of N. W. Halsey & Co. of San Francisco, returned yesterday from Europe, where she underwent some of the harrowing experiences of war, including that of being under fire of German bombs dropped from aeroplanes. Mrs. Pierce, with a great many other Americans, was detained, and spent the night of September 1 in Paris, when the French Government had just fled to Bordeaux, and the capital and German armies were shelling the city with bombs.

FOUL PLAY SUSPECTED BY MRS. THORNTON
SAN FRANCISCO, Oct. 8.—Mrs. Anna Thornton, wife of Walter S. Thornton, the Southern Pacific employee whose body was found in the Sacramento river near Dunsmuir Wednesday, left her home, 205 Mission street, yesterday for Dunsmuir. Mrs. Thornton said her husband started recently on a trip over the Alaska route while awaiting assignment to duty. She said he was in the best of health and spirits, and wrote to her every day until six days after he left, when his letters suddenly ceased.

Mrs. Thornton was quite sure that her husband had been murdered, with robbery as a motive, as he had a gold watch and chain and \$55, all of which have disappeared.

WOMAN CANCES HER MIND AFTER SHOT
FRESNO, Oct. 8.—Harry Pugh of 133 Cowan avenue shot his wife in the temple and then turned the revolver on himself yesterday. Mrs. Pugh is at the point of death. Mrs. Pugh, who was shot in the temple, was taken to the hospital. She has been unable to secure work. The following note was found in the house, which is supposed to have been signed by the husband and wife:

"Just plant us as close together as possible and forget us. But please take Dottie and treat him as good as possible for the rest of his days. 'F' and 'H'." The Dottie referred to is their pet dog.

TITLED WOMAN SPEAKS AID OF AMERICANS
LONDON, Oct. 8.—Lady Barclay, great granddaughter of John Jay, the first American minister to London, addresses an urgent appeal to Americans, from the Atlantic to the Pacific, for contributions to the ambulance department of the Order of St. John of Jerusalem, of which the queen is president. The society already has an ambulance staff of nearly 5000 at the front. They work much under fire, rescuing the wounded of all nationalities. Lady Barclay appeals to every one, in the name of humanity, to give at least \$1 for this work.

CELEBRATE BIRTHDAYS BY AN ELOPEMENT
MARIETTEVILLE, Oct. 8.—Both of their birthdays occurring yesterday, Clarence Brooks, 21, and Ethel Sablin, 13, both of this city, thought they would celebrate, and eloped to Sacramento yesterday morning, where they were married. Their parents, on learning of their marriage, made efforts to have it annulled, but found, to their chagrin, that both became of age before the ceremony was performed. It is believed that on their return they will be forgiven.

DUKE IS CONVICTED RICH BRIDE SAYS
NEW YORK, Oct. 8.—The Duke of Mayo Durazo, defendant in a suit filed yesterday to annul his marriage to Miss Elizabeth Frances Hanan, a sister of John T. Hanan, a millionaire shoe manufacturer, announced today that he expected to defend the action.

"The Hanan family offered me \$25 a week for Mrs.," he said. "But what is \$25 to me? What I wanted was a wife." The marriage was one of the notable social events here last winter. Arruement was sought on the allegation that the Duke is a convicted thief, that he was under indictment at the time of the wedding.

WOMEN DIVERS SEEK TO AD JAPANESE
TOKIO, Oct. 8.—A hundred women shell divers of Shima Province offered their services to the navy to clear the mines from Kiau-Chow Bay. The offer was declined, as the government prohibits the employment of women in war operations.

In proportion to its size, Belgium has more railroads than any other country in the world.

OAKLAND BOYS' & GIRLS

New Games or Old Playground Query

CLARA SOPER.

Many children of the Oakland playgrounds are enjoying the old-fashioned games, while others are engaging in the latest "ring" games, encouraged by the playground supervisors.

In the East Oakland playgrounds, the youngsters find recreation on the swings and the playground apparatus. Clara Soper of Twenty-sixth avenue is one of the devotees of the old-time games but is also a lover of the playground pastimes.

The story-telling hour in the Oakland playgrounds has been among the attractive diversions for the little folk.

LOCKWOOD SCHOOL TO BE COMPLETED SOON

Within the next two months, the new Lockwood school building will be completed. The playground is now being graded and will be equipped with modern apparatus. Swings, rings and slides will be installed and the playground supervisors for the new recreation center will be selected by the Oakland playground department. The games now in vogue in the Oakland playgrounds will be introduced.

SUNDAY SCHOOL LADS IN SWIMMING EXHIBITION

In a swimming exhibition held last evening in the tank of the Oakland Young Men's Christian Association, the Sunday school lads of this city displayed their skill. About 25 boys entered the competition and many of the little fellows surprised their elders in their daring feats.

The older boys of the association are planning to conduct a "pine-pong" tournament in the boys' department, where the youngsters of all sizes and ages congregate for their pleasure. Many conferences have been held there, where the boys talk about their scholastic affairs as well as their Bible studies, which have formed an important part of association life.

BANKERS AND RURAL CREDIT.
CHICAGO, Oct. 8.—Resolutions pledging co-operation to Congress in legislation on rural credits were adopted by the Farm Mortgage and Bankers' Association of America at the closing session of the convention here yesterday. F. W. Thompson of Chicago was re-elected president.

WATSONVILLE ORPHANAGE BAND GIVES CONCERT

Thirty-four boys of the St. Francis Orphanage band of Watsonville reached here yesterday afternoon and gave their repertoire of classical selections. The band will give an open-air concert at the California Apple Show, which is now being held in San Francisco and which will close Sunday. The boys are making a tour of the coast, where they have already given popular recitals, which have won for them a state-wide reputation. They received two prizes at the State fair.

SOCIAL WORKERS GATHER.
One of the largest gatherings of colored people convened in San Francisco at the Third Baptist church on Friday night. Charles Frowse, a delegate of representative ministers and laymen from the northern part of the state is taking part in the conference, which has been in progress for the last four days. Over \$1000 will be raised for the missions. A point of special interest is the attitude of Dr. Riddell, the pastor of the church, on the "California Dry" movement.

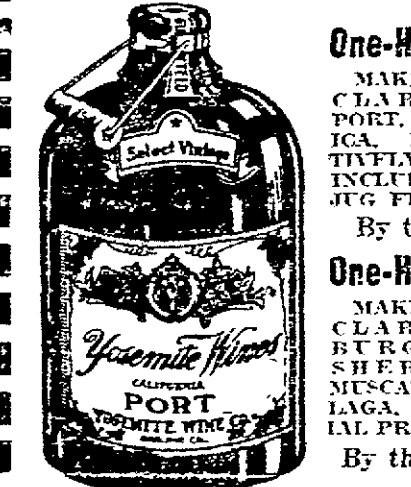

NOT STRICTLY ACCURATE.
HAYWARD, Oct. 8.—"The Germans are in Paris," runs a note dated September 15, which was sent from a friend who is now in Germany. The letter was sent from one of the inland towns, where it would appear there was an impression that the German army had entered Paris.

ACCUSES FAIR GUEST.

SAN FRANCISCO, Oct. 9.—Ramo Gonzales, on a holiday trip from the country, was attracted by the charms of Jennie Smith and offered to buy supper for her as the couple sat at a table at the Elite dance hall, 529 Pacific street. When he reached in his pocket he found that his money, \$25, was gone. He informed the police and Miss Smith was booked for grand larceny by the Barbary Coast squad on his accusation.

POISONED PEN
ENGROSSES
SLEUTHS

One of the most peculiar cases ever handled by the house detectives of the Hotel Oakland and the postal authorities is now engrossing the attention of the others in the "poisoned pen" case, which for several days past has been the cause of considerable annoyance to officers and directors of the Oakland Commercial Club.

Anonymous postal cards and letters, some insulting, some threatening, have been arriving almost daily since the recent expansion campaign started. The first were thrown into the waste basket without comment, but daily the letters have assumed a more threatening tone. The notes have come in several different handwritings. The detectives have uncovered several clues and arrests may be made in a few days.

The first of the letters were in a disguised hand, according to the detectives. The first few postals were merely annoying, it only being in the past few days that threats have been resorted to.

"Why don't you put some of us common swine on your directors' board, you—," read one of the letters.

"Look out. You are growing trouble," was another.

"You're not the only organization that can do things. Look out or you'll be in no fix to do anything," was a warning addressed to Managing Director J. E. Caine.

Several others, couched in unprintable terms, are also in the collection.

OAKLAND HOTEL MEN TO
FORM NEW ORGANIZATION

Hotel managers and owners, and apartment house builders, owners and managers, will gather Monday afternoon at the Hotel Oakland to form a new organization, to be known as the Oakland Hotel and Apartment House Association. The new organization is to prepare for the influx of visitors expected in Oakland during the Exposition, and will also urge Oakland's claims as a convention city and a city of homes. The organization will include practically every hotel and apartment house manager about this side of the bay.

Victor Reller, manager of the Hotel Oakland, will call the session to order Monday afternoon promptly at 2:30. The session will be held in the North-west room. There are already 100 members of the tentative organization. Officers will be elected and a constitution adopted at the session Monday.

CASE DECLARED TO BE
LEPROSY IS PUZZLE

RENO, Nev., Oct. 9.—The Reno police yesterday arrested a Mexican giving the name of Cleoniano Velasquez, but believed to be Jose Pavano, who is apparently suffering from leprosy. He admitted being in Tracy, Cal., recently, where a similar case was reported.

Examination by the county physician and a local bacteriologist resulted in a positive diagnosis of leprosy. The man was sent to the county hospital, but the authorities are doubtful of future procedure.

Owing to the prohibitive cost of treating the case, an attempt will be made to secure an investigation by the immigration authorities at Salt Lake City. The Mexican claims 10 years' residence in the United States.

RACES REINSTITUTED.
CHICAGO, Oct. 9.—After calling off the proposed hydroplane races between Disturber IV and Baby Reliance to decide the American speed boat championship, the event was reinstated today at the request of Stuart Blackton, owner of Baby Reliance. It is planned to start the races October 20. Two other speed boats, Peter Pan and Black Demon, probably will compete for the championship. It was said.

California's Sons and Daughters Hold Sway
at Alameda County Exhibition and
Carnival

SATURDAY NIGHT WILL
BE GRAND CARNIVAL
NIGHT AT IDORA PARK

This afternoon and this evening the Native Sons and Native Daughters of Alameda county will hold forth at the Alameda County Exhibition and Carnival at Idora Park, today being Native Sons' day. The parlor of the two orders of this county will act as hosts to visitors from all the parlor around the bay, invitations to participate in the occasion having been sent to lodges in the nearby counties. There will be many added features to tonight's program, among them being exhibition drills, drum corps contests and other events. Many of the parlor will attend in dress uniforms and a big attendance is expected.

Two babies from the city of Alameda were among the winners in the baby show yesterday, these two being tied for third prize. Owing to the failure of the judges to decide between the two it was left to the audience to choose between the two by a rising vote. The result of the vote was in favor of Dorothy Alice Quinn, daughter of Mrs. W. T. Quinn of 1325 Burbank street, Alameda, for third prize, and Gilbert Sandvoss, son of Mrs. A. Sandvoss of 1606 Sixth street, Alameda, for fourth prize.

The tie was due to the fact that Miss Ruth Wucher, one of the judges, and Mrs. M. F. Eddy, another judge, each favoring one of the contestants, while Mrs. A. A. Tremp, presiding judge, was unable to decide between the two.

Elmer Ellsworth, son of Mrs. E. Ellsworth, 5800 Grove street, Oakland, took first prize. Melvin Homer Hunt, son of Mrs. H. G. Hunt, 1214 Nineteenth street, Oakland, was awarded second prize, and the fifth prize went to Robert Grant Meyer, son of Mrs. A. D. Meyer, 2145 Linden street, Oakland. Robert was a winner on the day before.

The baby show will continue tomorrow afternoon and on Wednesday and Friday afternoons of next week. On Saturday, October 17, the winners on previous days will meet to decide the finest Alameda county baby entered during the entire show and the winner will be awarded a silver loving cup.

Tonight a half hour of music will be given in the exhibition pavilion at 8 and 9:30 o'clock under the direction of Alex T. Stewart, one of the directors of the big musical festival held at Idora Park on Tuesday evening. The same program will be repeated tomorrow evening.

Sunday will be Contra Costa County day and special excursions at reduced rates will be run from all Contra Costa county points for those attending the Alameda County Exhibition and Carnival. Beginning Sunday Phillip Felix and his Russian Imperial band will play afternoon and evening for the balance of the industrial exposition.

Owing to the abandonment of the plans for the annual Columbus day celebration on Lake Merritt the official observance of Discovery Day will be held on Monday at the Alameda County Exhibition and Carnival. The celebration will be under the auspices of the Knights of Columbus.

Residents of the annexed district, as well as a large company from Berkeley, will gather tonight to meet County Treasurer M. J. Kelly, when, at the home of Mrs. George Ingraham, 1645 Fifty-third street, he is to be the guest of honor at an elaborate reception. A committee of prominent clubwomen of Melrose have arranged the affair for the official, and all who desire to meet the candidate have been invited to attend the gathering.

The festive musical program has been arranged for the occasion, and a brief address will be made by the honored guest of the evening.

Considerable interest in the meetings has been taken by residents of the Melrose district and the Berkeley clubwomen and social leaders who are to attend.

The committee in charge of the reception is composed of the following: Mrs. A. C. Christensen, Mrs. Harry Boyle, Mrs. Frederick Gelliffe, Mrs. George Ingraham, Mrs. Theresa Kaiser, Mrs. Steele Greenwood and Mrs. Charles Fife.

NO RESTRICTIONS ON
CLAREMONT GARAGES

There's woe in Claremont, the fashionable district of Berkeley, because it has been discovered that while no home costing less than several thousand dollars can be erected in the fashionable tract, any old kind of garage can go up. So plans are now under way to impose restrictions on buildings for housing automobiles.

When the tract was opened in 1904 there was only one automobile in Berkeley. As a result the word "garage" never crossed the mind of Duncan McDuffie and his experts in framing the building restrictions for the tract.

Now almost every one in the district has a machine. Oil stations are rising along the principal thoroughfares.

OAKLAND ARMY MAN DIES

The funeral of Charles A. Reidsna, formerly of Oakland, who died at the military reservation at Fort Bliss, Texas, following an operation for appendicitis, will be held tomorrow afternoon at the Presidio in San Francisco, the ceremony to be under the direction of the army. Reidsna was the son of B. M. Reidsna, formerly an Oakland educator, but now of Petaluma. He had been in the army and was recently stationed at Fort Bliss with Company I, Sixth Infantry. He was a graduate of the Lafayette school of this city.

NACO, Ariz., Oct. 9.—Trooper Wilson of the Tenth United States cavalry, who was wounded by a Mexican bullet which was fired across the boundary line during an attack on Naco, Sunday, died today at Fort Huachuca. Wilson was shot in the breast. Warlike preparations are being made in the American camp of the border patrol, to protect the neutrality of the boundary.

The siege of Naco, Sonora, where General Benjamin Hill is entrenched with his Carranza troops, with Governor Maytorena, the Villa partisan, has for six days amounted to a practical bombardment of the American town. In addition to the pattern of rifle fire and the stream of machine gun bullets, directed hither and charged to the exorable marksmanship of both sides, Colonel Gullfoyle, Ninth United States cavalry, states that at one time his troops were evidently mistaken for the enemy by both of the two fighting factions.

WILL DISCUSS PROJECT.
ALAMEDA, Oct. 9.—At the regular weekly meeting of the Alameda Chamber of Commerce to be held tonight, City Clerk R. E. Boshard will give a speech on the city manager plan of government.

SAN FRANCISCO, Oct. 9.—Information gleaned from the captain of the French bark Desqueune gives rise to the belief that there is an Australian man-of-war in the offing. The Desqueune was stopped off the coast of the western addition in San Francisco during the night but the precipitation was extremely light in the downtown section and for the 24 hours up to 5 o'clock this morning the rain gauge on the Merchants' Exchange building recorded only a trace, but even a one-hundredth of an inch had accumulated. The rain has been general throughout the Sacramento valley and in the region north. It is expected that the San Joaquin valley will have a share of the moisture today but the downpour will not go south of Fresno.

ASKS RATE REDUCTION.
SAN FRANCISCO, Oct. 9.—The Del Paso Heights Improvement Club of Del Paso Heights, Sacramento county, complained to the railroad commission today asking a reduction of the rates on the Northern Electric, which has passed into the hands of a receiver. The club wants the single fare from Sacramento placed at 15 cents and from North Sacramento 5 cents.

Showers Predicted
by Weather Bureau

SAN FRANCISCO, Oct. 9.—Showers will be the order of the day for northern California and are expected to continue during the next 24 hours, according to the National Weather Service. Heavy rain fell in the western addition in San Francisco during the night but the precipitation was extremely light in the downtown section and for the 24 hours up to 5 o'clock this morning the rain gauge on the Merchants' Exchange building recorded only a trace, but even a one-hundredth of an inch had accumulated. President's Name Will
Make New Bill Law

WASHINGTON, Oct. 9.—President Wilson's approval of the Clayton anti-trust bill was all that was necessary today to make it a law. His signature to the measure completes the administration's anti-trust legislative program for this session. Final Congressional action on the Clayton bill was taken in the House late yesterday, when the conference report on the measure was adopted by a vote of 244 to 54.

WASHINGTON, Oct. 9.—Debate on the Administration war tax bill to bring in about \$105,000,000 revenue was begun in the Senate today. Administration leaders will press the measure continuously until finally disposed of. They were confident today of its passage by the end of next week, thus paving the way for adjournment of Congress.

Under the unanimous consent agreement the bill will only be side-tracked to permit consideration of the conference report on the Alaska coal land leasing bill.

The sub-committee of the Senate Finance Committee continued today its efforts looking to a settlement of the differences between Pacific Coast and Central State wine growers on taxes on domestic wines. It was thought that an agreement would be reached fixing the tax on grape brandy, used in fortifying sweet wines, at 55 cents a gallon, and the levy per gallon on wine arranged to equalize both dry and sweet wines at about 15 or 17 cents a gallon.

SUPPOSED CONVICTS ROB SUBURBAN HOME

WALLA WALLA, Wash., Oct. 9.—Two men answering the description of the two convicts, George Deacon and Charles Williams, who escaped from the Dixie Rock Quarry Monday morning, after tying the night watchman, entered the home of Alfred Finster in the suburbs of this city at 3:30 o'clock last night, robbed, bound and gagged him. Finster broke loose about 11 o'clock and notified the sheriff's office. A deputy sheriff and two prison guards, with bloodhounds, took up the train from the house and a capture is expected before daylight. Other guards with dogs have followed the men's train from Dixie towards this city, but lost it and are now on the Walla Walla river.

KEY ROUTE TRAINS IN TWELFTH URGED

Company Files Petitions Signed
by Passengers Asking
Direct Service.

That the Key Route continue direct train service in Twelfth street to Broadway was asked in petitions carried over the signatures filed with the city council today by Vice-President and General Manager W. C. Turner of the San Francisco-Oakland Terminal Railway. The petitions were referred to Mayor Frank K. Mott.

The petitions of Public Health and Safety F. C. Turner declared that he would strongly oppose granting the permit and thus permitting the transportation of the company's traffic without having applied for a franchise and without making a commensurate return.

The Key Route was granted a temporary permit to run its trains down Twelfth street to Broadway during reconstruction work on a portion of the roadbed. This was extended at the request of the company last Saturday night, and when this extension terminated, the company asked that the privilege be made permanent. Mayor Mott informed General Manager Turner that this could not be permitted, and that the trains must be taken off Twelfth street at the termination of the temporary permit, which ended last Saturday night. The mayor's order was obeyed, and citizens are now forced to transfer again at Poplar Junction.

Raises Watermelon That Will Fire Gun and Raise U. S. Flag

Can a watermelon, when ripe, fire a gun and hoist a flag?

Fred Boogie, former secretary of the Manufacturers' Committee, and now one of the experts at the Burbank farm at Hayward, says so, and even shows a photograph to prove it. He does not blame Burbank for the invention, however.

The watermelon is placed in an attachment that fires the gun when the rind reaches a certain degree of hardness. Forcing out a wedge which releases a trigger, a motor fires the gun and hoists the flag. The attachment can be placed on any melon.

"It may sound like a joke," declares Boogie, "but seriously, while it is a comedy feature it has proved a scientific principle. It has shown that a ripe watermelon always has a certain hardness of rind. Of course, we will have a small attachment made for testing melons. The gun was just for show. I invented the device after learning that the scientists at the farm had discovered the exact density of a ripe watermelon rind."

The device will be on exhibition shortly in Oakland, arrangements being made with the Chamber of Commerce.

PETITIONS ON TRAINS.
The petitions filed today were circulated by Key system trains by the company in asking that they be referred to Mayor Mott, Commissioner Turner said.

It is stated that the company should take the position that the city could give away, without any return, and without the formality of an ordinance passed in the form demanded by the charter in franchise matters, a privilege of this character. A street car franchise and a street railway franchise are two different things. The Southern Pacific Company made a return of over half a million dollars to the municipality for the street railway franchise, but it is contended that no such return would be made to the city from a mere street car franchise.

"Yet, this is, if anything, a more valuable franchise that is being asked by the Terminal Railway, and because the public would be inconvenienced, it is anticipated that the city officials will give this away for nothing. The Southern Pacific Company saved seventh street at a cost of \$100,000 in return for the franchise, and also gave in cash approximately \$500,000 into the city treasury. I shall not be at all surprised to see an attempt to give the Key Route away without a return, and the application is made in the proper manner as a franchise application and is considered on its merits as such."

FORMS OF PETITIONS.
The petition filed read as follows:

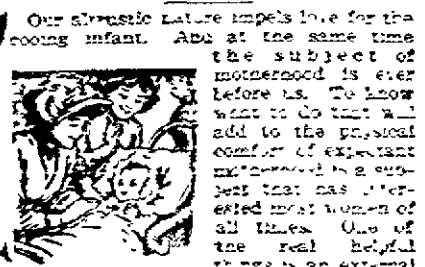

"We, the undersigned, believe the interests of the citizens of Oakland are best served when the Key system is operated through to Twelfth and Broadway during the last few months.

"The enforced transfer at Twelfth street and Poplar is very objectionable. It is detrimental to the public welfare, and to continue same will work a hardship on the traveling public, as it places a serious obstacle in the way of the comfortable and convenient transfer facilities to and from the heart of Oakland.

"We, therefore, respectfully petition your honorable council to allow the Key system to Twelfth street to Broadway during the last few months.

Transparent Aprons Causes Panic Among Hostelry's Waiters

WANTED—New aprons, double weight, for the Hotel Oakland. A transparent gown is a thing of beauty, but transparent aprons have been almost the cause of a waiters' strike. The waiters in the grill room, disgruntled as their colleagues, for the past few days have noted all concealed snickers from guests with surprise and irritation. Finally the solution came when, entering the grill room today, Maître d'Hotel Peterson observed that every waiter who stood with his back to the window presented a novel sight. The aprons were thin and the light strong—and the transparent skirts of the ballroom were matched and over matched by the transparent aprons.

"We want refractive aprons" was the ultimatum of the waiters, who are now wearing two aprons apiece that the light may play no more pranks with their dignity. The matter is being adjusted by the management.

EMMETT COLL IN POETIC OUTBURST

Emmett Coll, the nineteen-year-old youth who has confessed to murdering an unidentified tramp at Livermore several weeks ago, appeared in the Superior Court this afternoon for arraignment, and prepared to plead guilty. His attorney, George McDonough, hopes to secure a life sentence instead of the death penalty, through the plea, but it is understood that Judge Ogden was not prepared to accept the plea of guilty, and pending further consultation the matter was continued.

The youth's father was present in court, having come here from Nevada. Coll will probably be arraigned next week.

Far away from his old haunts and alone in his cell in the county jail, Emmett Coll, alias Lost Boy, and Flying Arrow of the "Ornery" Worthless Men of the World, has developed a poetic spell. Memories of his nomadic days and his life of hope, ease and luxury have resulted in a laborious attempt at verse. Laboriously constructed, with now and then a rhyme, misspelled and full of grammatical errors, the youth who is charged with the murder of a fellow tramp at Livermore has penned the following lines, expurgated as follows:

"In the county jail well flop,
Not a little bit of flop.
If I only had a snake
Or a little piece of cake!
If I only had a snuff
Of that funny, funny stuff,
What a blessing it would be
For the Almighty and for me;
Then we'd lay down and close our
peeper.
And dream that we were a money
reaper,
And wake up with an awful crav-
ing.
For more hop we'd go a slaving,
And then you just say, 'My boy,
Oh my stomach is just aching
For a little bit of bacon.
A slice of bread and a little mug
of brew.
I am tired of seeing scenery
When there is something more
than only air to chew."
Coll recently has designated him-
self as a "stage bandit and cow-
puncher from Nevada."

Signed the following Petition:

To the Honorable the City Council of the City of Oakland, Alameda County,
State of California.

Gentlemen—The undersigned believe the interests of the citizens of Oakland
were best served when the KEY SYSTEM operated through to Twelfth and
Broadway during the last few months.

The enforced transfer at Twelfth and Poplar streets is very objectionable.
It is detrimental to the public welfare, and to continue same will work a hard-
ship on the traveling public, as it places a serious obstacle in the way of com-
fortable and convenient trans-bay transportation facilities to and from the
heart of Oakland.

We, therefore, respectfully petition your Honorable Council to allow the KEY
SYSTEM Twelfth street service to Broadway to be resumed.

FIGHT RAISE IN INSURANCE RATES

Berkeley Chamber of Commerce Appoints Committee to Seek Explanation.

BERKELEY, Oct. 9. — Fire insurance rates were recently increased ten per cent in certain parts of Berkeley, greatly to the displeasure of home owners, and at last night's meeting of the Chamber of Commerce a committee was appointed to inquire into the reasons for this advance in rates. The committee consists of Mr. R. M. Brown, Dr. E. S. Davis and H. D. Brain, who will confer with the

San Francisco and ascertain why the change has been ordered. He stated that he has been asked the limits within the city of Berkeley in which the new rate is to be enforced, and he answered that he has been told that he declared that there does not appear to be any good reason for discrimination. It was pointed out that Berkeley has a city ordinance which provides for the way of new engine houses and equipment within the last few months, and it was pointed out that the understanding was that the city of Berkeley would not have the advantages or have ignored them in considering the raise that has been ordered. He stated that this would directly affect and great many of the citizens of Berkeley an effort will be made to secure a withdrawal of the present order, or at least to have the order modified so that districts which are protected shall not be lumped in with districts like the outlying districts which are not so well supplied with efficient fire companies and

Attention was drawn to the fact that recent publications indicate that while the fire losses in Portland are aggregated by the insurance companies at less than \$50,000 a year the premiums collected by the insurance companies aggregate almost \$150,000 a year, which seems to put Berkeley in a favorable light as an insurance risk. It was suggested that a report be laid before the board of underwriters touching the losses and the dangers of loss under existing conditions in Berkeley.

Directors L. E. Schussler, Perry T. Tompkins and George Friend were appointed a committee to arrange for the annual banquet of the Chamber of Commerce and its friends.

An invitation to participate in the dedication of the new building was received from the Portland Chamber of Commerce.

post office building was accepted. The ceremonies will begin at 3 o'clock tomorrow afternoon.

Charles J. O'Connor, director of the Pacific division of the American Red Cross, appeared before the board and made an appeal on behalf of organizing in Berkeley a chapter of this society. A resolution was adopted favoring such organization in Berkeley.

IDLE HANDS ARE BURDEN

Brides and Bridesmaids All Understand Why

There was a charming touch of originality at the Linnons-Cogran wedding at Alameda in the bridesmaids' make-up.

They were not unique, bridesmaids in the East have carried their own make-up. But unusual. And the single American Beauty rose of the maid of honor was an interesting departure.

The muffs were fluffy things of pink chiffon and roses that lent the prettiest touch to the bridal party. It is necessary for bridesmaids to carry something. Any one who has been a bridesmaid knows the slight sense of stage-fright it brings and the comfort of having flowers to encase one's hands. Muffs that hide both hands are really ideal.

The bridesmaid, last night, were luckier with their muffs than the maid of honor with her single rose, though it must be said she carried it gracefully.

There was a maid of honor two years ago who carried the bride's Pompadour. But she took altogether too much attention, as it happened. The music made him nervous and he wanted to bolt. Poms couldn't be reasoned with even if they were still in fashion.

One of the New York weddings of the season, that of Miss Symington to George de Forest Lord, was especially pretty. The bridesmaids were champagne colored satin gowns and lace tunics grided with green and they carried great bunches of Easter lilies and arbutus that concealed their arms to the elbows. They could possibly have been conscious of their hands, lost in the fragrant confusion of flowers.

Miss Emelie Lancel, who has been hostess of many delightful musicales at her home in Alameda, will give a song recital on the 29th.

"Most Growing Girls Need Special Exercises Rather Than Class Work," Says

Madame Ise'bell

"Dear Madame Ise'bell—I want your advice in regard to my daughter's figure. She is just sixteen and has gained nearly twenty pounds this year. Her bust is 29 pounds. Her bust is too large and there is a big lump under the arm just below the neck. Would a diet reduce that and the over-large bust? She has been in the gymnasium work three times a week."

I have picked out this letter as a subject of a lesson for the reason that it shows the fallacy of the average girl's belief that too rapidly or out of the normal needs some special work.

Arranged on these lines it is not going to benefit but a small proportion of the girls attending.

My correspondent neglects to give her daughter's height; if it is the average height, the girl is only a few pounds over weight. I should not advise a reducing diet unless the girl is eating an undue amount of starch and sugar, if so, cut that down in the interest of her general health.

This case is one of obesity, not of wrong distribution of flesh. It should be taken in hand at once and the following exercises, if practiced morning and night for fifteen minutes, will correct the trouble.

Impress on your daughter that, if she wants to have a good figure when she is a woman, the rule of diet in the back must be exercised, also, at a time in the day when the stomach is empty.

(1) Extend the arms at the side, palms out and close the feet. Now revolve the arms in a circle, front and back, as far as they will go, but raising and dropping them only a few inches above and below the level of the shoulders.

(2) Drop the hands at the side and close the fists; raise them over the head back and down making big circles. Both the exercises act directly on the muscles between the shoulders. Undoubtedly the girl improves her figure when walking. Watch that she keeps her head well forward. For the third exercise have her walk about the room for five minutes balancing a book on the head, and holding the hands with the palms turned parallel with the floor and pushing down towards the floor.

Annual Gridiron Struggle at Berkeley Today Beavers Retain Lead in Pennant Race

WHISTLE TO SOUND THIS AFTERNOON; JUNIOR CLASSIC HERE

Thousands of High School Admirers Crowding California Field.

At 4 o'clock this afternoon on California Field the Oakland and Berkeley High Schools will face each other for the 25th annual football classic. Nothing but football is being heard around the schools, while the entire city is crowded to the California Field.

The game is being played on the California Field, which is the largest and best equipped football field in the state. The game is being played on the California Field, which is the largest and best equipped football field in the state.

STATEMENTS FROM RIVAL COACHES.

By COACH MACKIE, Berkeley High School.
I expect my boys to show the Oakland team what steady and conscientious practice means. My backfield is in the working order that can be expected of any team, while I figure my forwards to outthink and outplay Oakland in every department of play. The boys are going into play tomorrow with the same team that has played together all this season and I know that with no hard luck the Berkeley team will come out the victors.

By COACH VON MANDERSCHIED, Oakland High School.
Berkeley's confidence in their own ability was never more deserved and I know that I have a hard night. My players are in the best condition and the talk of there being a lack of team work in my back field is all talk. I figure Fowler, Haynes and Sturges superior to any of the Berkeley players of the back field.

The people that have seen Oakland high play the U. C. freshmen, O. R. H. S. and Stanford freshmen will see an entirely new team, not in players, but in spirit. The boys are to fight from the start and there is no letting up of the fact that my forwards are not the superior to Berkeley's.

Finney Aids Ducks to Increase Lead.

LOS ANGELES, Oct. 8.—Porter took the first section of a double header from Venice, 8 to 7, in ten innings. Finney is credited with the victory. The second game was ended at the close of the fifth by darkness with no scores.

Three times the score was tied in the first game. In the ninth inning Homer Finney, called him out but those of his teammates with good vision declare they were not in the game. Finney was called out in the ninth inning.

Both sides joined in a chorus of protests against the general run of decisions. They were admitted to be partially valid with the exception of the Carleone out. A favorable ruling was given in the ninth with the same score in favor of Venice. Hancock was batted in the opening inning for the victor of his complaint. Score:

First game—	R. H. E.
Portland.....	12 3
Venice.....	7 12 1
Second game—	R. H. E.
Portland.....	0 3 1
Venice.....	0 3 1

Spider Baum Better Supported Than Rival

Spider Baum, enjoying better support than his young rival, won a pitcher's duel here yesterday with "Lefty" Williams, Wolverton's southpaw ace. The score was 2-1. Three hits and a hit batsman in the seventh inning accounted for the two Seal runs. Boy Cowan's marvelous fielding prevented the visitors from tying the score in the next frame. The score: R. H. E.

San Francisco.....	2 1 0
Oakland.....	1 0 0

Angels Stage Ninth Inning Victory

SAN FRANCISCO, Oct. 8.—Los Angeles took Oakland into camp here, the medium being a pitcher's duel during which four were batted out. The Angels' pitcher, who was batted out, was batted out. The Angels' pitcher, who was batted out, was batted out. The Angels' pitcher, who was batted out, was batted out.

ALL-VALLEJO ELEVEN IS DISAPPOINTED

VALLEJO, Oct. 8.—Coach Tony Blanco of the All-Vallejo football team received word today that he will be unable to secure "Chick" Decker for his eleven this year as the Indian has been transferred to the cruiser Chatahouchee, which is now in Mexico waters. Blanco had hopes of playing the "Chick" in his old position as fullback and the sailor will be greatly missed, as he is one of the strongest to any aggregation of players.

Only 15 position on the side keeps the team off the field.

If Coach Von of Oakland sends Shindler and Jolly in the line positions, Krohn will be the first backfielder to be called in case of an emergency. Next will be Hall and then the youthful McHenry. Of the forwards Anderson and Cher are tried men who are subs for Oakland.

Both teams almost even one game promises to be a battle of wits between Von Manderschied and Mackie. Von is known as the greatest rugby strategist in the field, while Mackie is more of a cool type who is always working in an offensive attitude. What Berkeley's followers will have to say about the war between the two is unknown, but "two many cooks" has split the soup on more than one occasion, and the "suggestive" team will certainly be laid aside for this year.

Both teams are in the best of condition and with no excuses by either coach to offer. Let her go and may the best team win.

ESSANAY INDIANS TO MEET PLEASANTON

All Alameda county and in fact the semi-professional baseball world will be interested in the outcome of the Essanay Indians' visit to Pleasanton this Sunday. When the two rival clubs meet for the fifth time this season to decide a championship title. Since the clubs met both have been strengthened. Pleese and Killian are now playing for the Indians, while Speed Martin and Remmer are with Pleasanton. The two teams played two games in Emeryville and then each won a game from the other. Sunday's struggle will decide the winner.

DE LUKE WON IN BILLIARDS

Both players in the three-cushion billiard tournament at the Oaks Hotel, which was held in last night's "Palace" showed good form in last night's competition. E. A. De Luke, playing under a handicap of 15 points, defeated John Rogers.

Rogers showed some brilliant form at the beginning of the game, reaching 20 points in the first 40 minutes. His opponent De Luke made the highest run so far in the tournament, scoring 4 in successive games.

Tomorrow night, De Luke, who is handicapped 10 points, meets W. C. Dohrmann, who is handicapped 10 points.

"Tuxedo is always welcome. A pleasant smoke, a mental brace—the ideal tobacco."

HENRY HUTT
famous artist

"A pipeful of Tuxedo puts new life into me. The mildest and purest tobacco grown."

GEORGE E. PHILLIPS
Mayor of Covington, Kentucky

"A good pipe, and Tuxedo to fill it, and I'm satisfied. The tobacco in the little green tin has no rival as far as I am concerned."

You Smoke a "Better" Tobacco —Why Not Smoke The Best?

THE tobacco you now smoke you consider "better tobacco than you ever smoked before." Naturally, you kept trying until you found a "better" one.

But it stands to reason that since there is a difference in tobaccos, you may be missing still greater pleasure in a still better smoke—in the BEST smoke, in fact.

Tuxedo is the best smoke because no better tobacco leaf grows, and no process of treating tobacco leaf equals the original "Tuxedo Process."

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

We know that Tuxedo is made of the BEST tobacco—rich, mellow, perfectly aged Kentucky Burley. None better can be bought, because none better is grown.

It is treated by the famous original "Tuxedo Process" for removing the sting and bite of the natural vegetable oils.

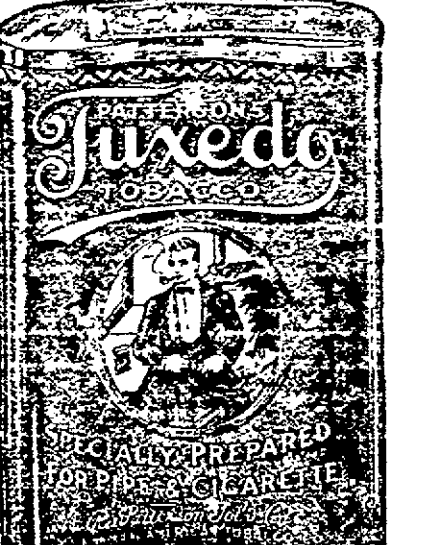

Tuxedo was born in 1904. Its first imitator appeared two years later. Since then a host of imitations have sprung up.

No other tobacco can give the unique pleasure of Tuxedo because no other maker has yet been able to equal the Tuxedo quality.

"A HAT TO FIT YOUR FACE"

There's That Something about Bertillion Hats, that individuality, that just a little different, that sign of superiority—the crisp freshness about the stock and styles that bespeak the latest—several weeks in advance of ordinary hat-selling places. October stocks are by far the most complete ever offered west of Chicago.

\$3.50

Bertillion Quality "De Luxe"

A fitting name for these highest grade Men's Hats. The fall Derbies in black, with contrast bands, are very attractive this year. Soft Hats come in velvours, in silk naps and the smooth and scratch felts, and are unusually beautiful this season in design, color and material. Contrast bands are the real new things. These hats at \$3.50 strike home to the man who is used to paying \$5.00 for his hat. Two stores to choose from, with the largest stocks on the coast.

\$2.50

Hats Worth Wearing

A cutting expression, because you see Hats offered every day at \$2.50 that figuratively are not worth \$2.50. Our fall Derbies are counterparts in style and finish of the most expensive Hats on the American market. The quality is a dollar better than offered by ordinary hat-selling places. The soft goods in the new blues with contrast bands are backed by a larger variety to select from than is shown by any other three stores on the Pacific Coast. Makes Bertillion's stores the place to get the most for your money.

TELLS OF FIGHT TO CONTROL BANK

Edwin Gould on Stand in Suit
Against Capitalist
Heinze.

NEW YORK, Oct. 9.—Edwin Gould took the stand in the Supreme Court yesterday in his suit against F. Augustus Heinze to recover more than \$1,000,000, the purchase price of stock of the Mercantile National Bank with interest. He told of the fight for the control of the bank after Heinze became president and denied that prior to this he had sent Charles W. Morse to induce Heinze to purchase the stock as alleged by Heinze when on the stand in his own behalf. The witness denied also that he offered Heinze inducements to buy stock. Heinze has testified that he bought the stock as a result of being promised the presidency of the bank, and later the promise was fulfilled.

The plaintiff testified he was told that Heinze had come back from the West with a substantial fortune.

"As a matter of fact," Heinze's counsel asked the witness in cross-examination, "you know that Heinze had about \$10,000,000 and it smelled good?"

"Yes," smiled Gould.

"His ambition was to become president of some big New York bank. I told him frankly I did not think his reputation as a speculator would improve the business of a conservative bank like the Mercantile."

Before Gould took the stand the defense rested without calling Morse. It was thought that Morse would be called tomorrow as a witness for the plaintiff.

Santa Rosa, Oct. 9.—Passengers going to the Melita depot this morning found a dead man on one of the benches. The body was later identified as that of William Phillips, who has been employed on the State highway. He was on his way to Sacramento.

Palo Alto, Oct. 9.—Roy Wright, a 22-year-old peddler of household goods, said to be wanted in Santa Rosa on a statutory charge preferred by the guardian of a 16-year-old girl, and on Oakland on a charge of failure to provide for his wife and a minor child, was arrested in Palo Alto yesterday afternoon by Chief of Police Chester Noble and Deputy Sheriff Reynolds of Santa Rosa. The prisoner was taken to Santa Rosa.

Fresno, Oct. 9.—Ellsworth Beeson, a Sanjour real estate dealer, who, in Santa Cruz, pleaded guilty to a charge of being an accessory to the fact after the firing of the Ben Lomond hotel, and is seeking probation, pleaded guilty in the superior court here yesterday to obtaining money under false pretenses in collecting insurance on a barn that burned September 5, 1913. The information charges that Beeson collected \$37 more than he was entitled to.
